Injections Skill Exam

SITE INFORMATION AND EQUIPMENT LIST

Injections Skill Examination (ISE®)

August 2020 – July 2021

The information listed in this Site Information and Equipment List is for informational purposes only. There may be additional equipment or supplies on-site during the exam that may not be reflected in this manual. Additionally, equipment and supplies may change without warning.

This information is not intended to prepare Candidates for the exam, but instead is intended to provide a general overview of equipment and supplies used during the exam. Candidates are reminded to thoroughly review the Evaluation Forms and Candidate Guide to adequately prepare for the Injections Skill Examination.

Station Information – Room overview

Main Overhead Light Switch Dimmer Switch & Slider

- Lighting will already be set at full illumination.
- The light controls are located next to the door.

Station Information – Countdown Clock

A countdown clock will be available on the exam room computer monitor for Candidates to use. Use of the countdown clock is optional.

Countdown clocks on the computers are **NOT THE OFFICIAL CLOCKS** that determine a candidate's time.

Once the announcement to begin plays, that is when official testing time begins. Once the announcement plays ending the exam, time ends. Candidates wishing to use the countdown clock in the rooms must press the START button to begin the countdown clock. There may be a delay between when the announcement plays and when a candidate presses START thus the time on the computer may be less than 15 minutes. Using the countdown clock in the room is optional and only to provide Candidates assistance in determining the amount of time remaining in the station. Again, these clocks are not the official time keepers of the exam.

Station Information

Computer Workstations

Displays Station Instructions
Not an item-by-item list, but a
brief overview of Skills
expected to be performed.

Turn the Monitor off/on by
pressing button underneath
the bottom right corner

Repeat Policies

Posted on the back of the
exam room doors, next to the
computer workstation

Pens & Pencils are
provided in each
Station for
Candidate use

Band-Aids are
available in all rooms
in the event an injury
occurs

Station Equipment & Supplies

Table Area

Injections Supplies Overview

Injections supplies are organized in “buckets” on the table with plenty of needles, syringes, drape kits, etc.

Gloves/Tissues are found on the wall, to the right of the table.

Sharps containers are mounted directly above the injections table.

There will be 2 vials of each simulated medication available.

Injections Equipment & Supplies

The Drape Kit will provide everything necessary to **simulate** an aseptic field for the injections exam.

Injections Equipment & Supplies
